Expedited Shippers

A limited number of expedited shippers are now available for purchase by the general public on a "first come, first serve" basis. The shippers hold 36 soil samples and can be purchased for \$200 each. No peak-season fee will be added to this cost.

Samples sent to the Agronomic Division in FY15 expedited shippers will be guaranteed two-week processing, except for those received from Monday, December 15, through Friday, January 2, due to the holidays. Samples received during that period will be processed within three weeks from the date of receipt. FY15 shippers guarantee expedited service until June 30th, 2015.

If interested, contact Darlene Carpenter at 919-733-2655 for arranging payment and pick up at the Donald W. Eaddy Building in Raleigh.
